Thanks, yeah whatever we can tweak now will just make the version that goes to the Corps better. Now, the only other thing to think about is that I put CT DOT building as a meeting place. Normally the contract manager would decide the location for meetings. CT is really tough travel for me so I put the option in about a webinar. It will most likely be something I can set up here and not a cost to the contractor!

Finally, I was in training yesterday (required for us who are in the field).. so I didnt' look through emails for questions.

I already have a few questions ready to go..

Joe said that Chuck is really good at putting the questions into the best format (i.e. not open ended)..

YES, we can talk this afternoon or tomorrow afternoon - whatever you would like. I plan on finishing up the other SOW today/tomorrow..

Thanks

Jeannie & Joe,

I cleaned up the changes, and incorporated a couple of new ones. I think it looks pretty good, and should make it easier to finish the few tweaks left. We can talk tomorrow on remaining questions. Also any luck on getting ahold of Sue Holtham's interview questions from LISEIS?
